If YES, give full details including a description of the study, activity and/or course work, the duration of the activity, and the name (s) and address (es) of the supervisor (s).

Activity Duration Supervisor/address

If the post-graduate qualification was awarded by means of other than formal examination, please describe the means by which the post graduate qualification was obtained.

(Use a separate sheet if required)

Describe any other relevant examinations, courses, training and personal endeavour that you have undertaken in which a defined qualification was either not obtained or applicable, but which you feel lends support to your application for specialist registration

Give full details, including the duration of the activity, the nature of any supervised work and the name (s) and address (es) of the supervisor (s)

Describe your experience during your training programme in the area of the proposed specialty with regard to the following specific matters.

Attach separate sheets containing:

particulars of dates, training, publications, and the percentage of the year devoted to:

practising in the area of the specialty and maintaining or expanding specialty skills

Supply and attach

Letters of reference from at least two veterinarians who are either registered as specialists or who have equivalent qualifications in the area of your chosen specialty, who can attest to your skills and expertise in this area, and who can confirm that the statements you have made in this declaration are

correct. (*The referees should not be associated with the organisation/university employing the applicant.*)

Letters of reference from at least two veterinarians who are not recognised specialists, who acknowledge your skills and knowledge in the area of the proposed specialty by either regularly seeking your advice or referring case work.

Please supply evidence of your continued participation in the proposed area of specialisation subsequent to your obtaining the qualifications by which you are seeking registration, namely:

Continuing education courses either attended or given.

Professional contacts with other specialists or experts in the field.

Formal instruction or supervised programs of instruction either attended or given.

Publications, addresses to learned associations and other evidence of advancing the specialty.

Proposed amount of working time to be spent in the specialty area

Please describe the amount of time you currently spend or propose to spend working in the area of the chosen specialty. (Express as average hours/week or percentage of year.)
