Council resolved in March 2016 to in future give advance notice to members who are randomly selected for the annual CPD audit. Therefore, you will only be required to submit proof of your CPD points on or before 31 March 2018.

The CPD log form is attached. It is also available for download from this link. Please complete this form with details of 60 CPD points of which at least 20 points should be from structured CPD activities and the remaining points from unstructured activities. For the purpose of this audit, we require that you submit proof of the structured CPD activities that you took part in, or attended. The submission of a mere list of CPD activities will not be accepted as proof of CPD structured points in the absence of certificates. Members have one year in which to obtain proof of attendance of structured activities or to obtain structured points by other means.

In addition, you now also have the choice as to whether you wish to submit proof of your CPD points for your most recent completed cycle or the current incomplete cycle if you have already accumulated enough CPD points by 31 March 2017. For example, if your current incomplete cycle is from 1 April 2016 - 31 March 2019 but you already have sufficient CPD points before or on 31 March 2018, you may submit proof of those CPD structured activities for the purpose of the 2018 CPD audit. Alternatively, you may prefer to submit proof of your most recent completed cycle which for the purpose of this example would be from 1 April 2013 - 31 March 2016.

Veterinarians who attended an accredited course with the option of completing formal tests evaluating the progress of the attendee, could claim 1,5 times the accredited hours provided tests were passed with a minimum of 60%.
