APPLICATION TO REGISTER A NEW VETERINARY FACILITY OR CHANGE OF FACILITY PRINCIPAL

PLEASE TAKE NOTE

1. All veterinarians who render veterinary services, must do so from a facility registered with the SAVC (Council).

2. For a veterinary facility to be registered with Council, it must comply with set minimum standards stipulated in the rules for that specific category. These standards are described in Rules 18 - 35 of the rules relating to the practising of veterinary professions.

3. To assist you in ensuring that your facility complies with these minimum standards, it is required that you conduct a self-evaluation of the facility and submit the completed form with your application for registration of your facility.

4. When doing the self-evaluation, please -
   a. Complete the applicable Self-evaluation form for the category of facility you are applying to register.
   b. Refer to the Minimum standards required for facilities applicable to the facility (Rules 18 - 35) that you intend to register during this self-evaluation.
   c. In the event that your facility does not meet the standards as described you may, in terms of Rule 44 (1), apply for exemption from compliance with the rules. If applicable, motivate clearly in a written submission why, and what rules you wish to be exempted from. Please note:
      - The welfare of the patient and the quality of veterinary services should not be compromised; and
      - Exemptions will be limited to equipment /structural requirements that cannot be complied with or can be complied with within a certain period.

Please list the services or functions that you render from this facility. The list should be detailed to ensure that the Inspections Committee is able to gauge whether exemption can be granted having insight into the nature of the services you render.

5. Included are:
   a. The application form;
   b. Annexure A (Minimum Standards as per the checklist); and
   c. Annexure B (Application for evaluation of a veterinary facility for purpose of accreditation).

PLEASE NOTE:

Any dishonesty in the completion of this form is considered a serious offence.

DEFINITIONS

“Consultancy” means an interaction between a veterinarian and an owner, farmer, client or group of clients where animals may be examined away from a registered physical facility, treatment protocols drawn up, medicines prescribed and/or provided and professional advice given regarding an ongoing health, production concern/entity or animal behaviour;

“House or farm call” means when a veterinary professional leaves his/her physically registered base practice to render a professional service to his/her clients in a vehicle suitably equipped for that type of practice;

“Invasive surgery” means surgery that is performed intra-abdominally, intra-cranially, intra-thoracically, musculo-skeletally or of the cardio-vascular system;

“Mobile animal service” means a veterinary practice facility, which is registered with the Council in the name of the principal of the base veterinary facility from which it operates;

“Mobile theatre” means a vehicle or trailer, which could consist of either a self-propelled facility or be mounted on a base which is transported to a site, and which is appropriately equipped to perform sterilisations and other surgical procedures in a controlled environment to indigent or isolated communities;

“Non-practising facility” means a facility where no veterinary services will be rendered or medicines sold for direct or indirect gain. The veterinarian does not practice, but requires access to Act 101 medicines for use solely on his/her own animals;

“Principal” means the veterinary professional in whose name the veterinary facility is registered and who takes responsibility for minimum standards of the facility, or his appointed agent who must be a registered veterinary professional;

“Production animal” means an animal whose products are used by humans and/or which may enter the food chain for consumption;

“Production animal herd health facility” means a base facility where no clinical work is done and where the primary service is rendered essentially from an equipped vehicle to ruminant livestock, wildlife, poultry, pig or aquatic production units;

“Registered facility” means a veterinary facility which complies with the minimum standards as applicable to the category of service rendered there, and is registered with Council;

“Research animal facility” means any facility or area where animals may be used, maintained or bred for scientific purposes, including for research, testing, teaching, validation, production or observation;

“Veterinary hospital/clinic” means a veterinary facility where veterinary services are available at selected times and wherein examination, diagnostic, prophylactic, medical, surgical and extended accommodation services for hospitalised animals are provided;

“Veterinary laboratory” means a facility which has the specific purpose of diagnostic and/or research testing, any mobile service unit linked to the permanent facility, and in-house laboratories that form part of a veterinary facility where the service is not only rendered for the facility’s own requirements;

“Wildlife” means all non-domesticated species of animals, whether free-living or kept in captivity.
ANNEXURE A:
MINIMUM REQUIREMENT CHECKLISTS

The completion of the relevant minimum requirements checklist/s should be based on the type of facility registered in your name and should reflect the current status of your facility’s compliance with the minimum standards for facilities. Please click on the most appropriate link after perusal of the relevant rules as per this link (p61-p103):

❖ Rule 18-24 (Clinical Veterinary Facilities);
❖ Rule 25 (Mobile Animal Services);
❖ Rule 26 (Compulsory Veterinary Community Service [CCS] and Regulatory Service Facilities);
❖ Rule 27 (Small Animal Hospital / Clinic);
❖ Rule 28 (Equine Hospital / Clinic);
❖ Rule 29 (Production Animal Hospital / Clinic);
❖ Rule 30 (Veterinary Behavioural Consultancy);
❖ Rule 31 (Veterinary Laboratory Facilities);
❖ Rule 32 (Animal Research Facilities);
❖ Rule 33 (Herd Health Practice [A] Production Animals);
❖ Rule 33 (Herd Health Practice [B] Wildlife);
❖ Rule 34 (Consultants in Industry and other consultancies);
❖ Rule 35 (Non-practicing facilities).

In the event that your facility does not comply with one or more of the elements in the relevant minimum requirements checklist/s, then you have to submit to the SAVC Inspections Committee a letter of motivation detailing the reasons why exemption from the specific minimum standards are required. This letter of motivation should provide information about the services rendered by, and veterinary procedures conducted at, the facility to ensure that an inspector with relevant expertise is sent to your premises, and that the application for exemption is clearly understood by the Inspections Committee when they have to consider an application for exemption from compliance with the minimum standards for facilities.

I, Dr ________________, with SAVC registration number __________, confirm that the facility complies with the requirements as indicated in this self-evaluation form/s (minimum requirements checklist/s).

MINIMUM STANDARDS OF VETERINARY FACILITIES REGISTERED WITH THE SOUTH AFRICAN VETERINARY COUNCIL - EVALUATION

The rules relating to the practicing of a veterinary profession in terms of the Veterinary and Para-Veterinary Professions Act, no 19 of 1982 refers.

The aim of the routine evaluation of facilities is to:

- Enhance the ability of veterinarians to provide quality veterinary care to animals;
- To enable veterinarians to successfully conduct their practice and maintain their facilities with high standards of excellence; and
- Meet the public’s needs as they relate to the delivery of veterinary medicine.

The evaluator performing the evaluation will emphasise education, consultation and on-site assistance.

Evaluation should be seen as a positive step in ensuring that South Africa maintains the high level of veterinary care in facilities that are designed and equipped to ensure this.

Owners of practices will receive notification that their facilities will be evaluated at least 60 days in advance and/or at a pre-arranged time. It is recommended that the principal veterinarian be actively involved throughout the entire evaluation.

The evaluation form directly reflects the Rules and the Code of Conduct and Practice in that the questions are phrased from them. Compliance with, or not will be noted for each rule under various headings on the evaluation form. If certain rules have not been complied with, the evaluator will indicate by when the practitioner needs to comply to be able to maintain his/her registration of the facility with the South African Veterinary Council.

Council in its discretion will decide if a facility complies sufficiently with the Rules to enable continued registration, however, adequate time will be given to practitioners to enable them to attain to minimum standards.

The principal is required to apply for exemption of compliance with the minimum standards for the specific type of facility at the time of initial registration and/or prior to the inspection.

The symbols A, B and C have been used to denote whether non-compliance of the particular requirement is deemed as a very serious, serious or minor deficiency.

A. Very serious
   It is imperative to obtain, build, institute or acquire within the time specified.

   A re-inspection of the facility could be scheduled within a 30 – 60-day period after the required date.

B. Serious
   Important to obtain, build, institute or acquire within the time specified.
Confirmation, in writing, will be required that the outstanding matters have been addressed by the required date. If no satisfactory reply is received a re-inspection of the facility may follow.

C. Minor
Must obtain, build, institute or acquire within the time specified.

Confirmation, in writing, will be required that the outstanding matters have been addressed by the required date.

(It is imperative that a re-inspection is done for Category A-requirements. Categories B and C requires written responses with photographs, receipts, and all other means of “evidence” as back-up.)
