NOTICE OF CPD TALK and SAVA-KZN branch AGM

Hello all,

Our next SAVA CPD talk is to be held on the 18th June 2014. We have two talks lined up for the evening addressing vital issues confronting the veterinary profession in South Africa. A brief synopsis is as follows:

REVIEW OF LEGISLATION OF VETERINARY MEDICINES – PROF VINNY NAIDOO
Prof Vinny Naidoo will be covering aspects of the correct management of medicines and stock remedies for the practicing veterinarian in South Africa. The presentation will be in the form of an interactive question and answer session, and will focus on questions received from the veterinary profession over the last ten years. The presentation will cover topics such as compounding, scripting, storage of drugs and record keeping.

REVIEW OF LEGISLATION GOVERNING THE VETERINARY AND PARA-VETERINARY PROFESSIONS – MRS DINAMARIE STOLTZ
Mrs Stoltz will cover the imminent amendments to the rules relating to the practice of the veterinary profession in respect of advertising, touting, editorials and articles, amongst others. The non-publication of the Guideline of minimum and maximum Tariffs in from December 2013 will be addressed as well. These amendments are necessitated as a result of a recent decision of the Competition Commission that the SAVC is engaging in price fixing by publishing the said Guideline of Tariffs. Most other rules are reviewed as well in order to align them with modern practice. Some of these will be addressed as well during the presentation.

These talks are not to be missed. Due to the fact that there will be two talks we expect to finish a little later than expected. The meeting will include a very short SAVA AGM. Please see attached documentation. Please note the talk is open to members and non-members, as well as nurses.

Registrations for the talks close on Monday 16th June 2014 and no late registrations will be accepted due to catering. The registration form overleaf needs to be faxed or e-mailed to Richard Smith together with proof of payment. Please indicate how you intend to pay on the registration form. Payment can be made by cheque, electronically, or on the night. Should you wish to pay by cash please try and bring the exact amount payable.
